Protocol Linda, Carola

Theme: Project plan

- do the corrections
- prepare first evaluation
- evaluate some students (6-10)
- analysis, conception (requirement specifications), implementation, test
- maybe second evaluation

Theme: Evaluation

- target group are students, but it's also possible to evaluate other ones (everyone should talk to one or two people)
- there should be concrete task formulation and the possibility to work free
- also look at SUMI evaluation questionnaire
